# BOARDING WITH BENEFITS

## Requirements For Cats:

- Rabies Vaccine
- RCP vaccine (Feline Distemper)
- Up to date flea preventative (ask for specifics on individual products)

**Note:** Vaccines are best given at least 1-2 weeks before your pet boards. This will provide adequate time for the vaccines to take effect, providing full protection for your furry family member.

## Boarding tips:

- Bring an adequate supply of your pet's regular diet. It can be hard on them to eat something they're not used to.
- Don't forget important medications, and always bring extra just in case!
- Bringing a favorite bed or toy can be a good idea, but remember to never bring an item that you would not want to be laundered.

**YOU AND YOUR PET  
WILL BOTH ENJOY THE BENEFITS OF
